INDEPENDENT AUDITORS' REPORT

TO,
THE MEMBERS,
HMT CHINAR WATCHES LIMITED,
JAMMU (JAMMU & KASHMIR)

Report on the Financial Statements

We have audited the accompanying financial statements of **HMT CHINAR WATCHES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss, the Cash Flow Statement, and a summary of the significant accounting policies and other explanatory information for the year then ended.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in provisions of the Section 133 of the Act read with Rule 3 of the companies (Indian accounting standards) Rules, 2015 and companies (Indian accounting standards) Amendment Rules, 2016 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company. This responsibility also includes maintenance of adequate accounting records in accordance with the preparation of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's' Responsibility

Our responsibility is to express an opinion on these Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 133 of the Act read with Rule 3 of the companies (Indian Accounting Standards) Rules, 2015 and companies (Indian Accounting Standards) Amendment Rules, 2016. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Basis for Qualified Opinion

We draw your attention to the following matters of the financial statements

- a) The company has closed its unit and granted voluntary retirement to its employees and all the employees of the company relieved by settling their dues.

- b) All the fixed assets are sold through MSTC.
- c) The company was having land on leasehold basis from Govt. Of J&K which was handed over back to the Govt.
- d) Being Govt. of India Enterprise and fully subsidiary of HMT Limited, the government of India has already decided to close the company after incurring huge losses. The financial statements have been prepared on the basis of going concern assumption. But the operations have been closed few years ago as reported to us. Also no provision has been made for possibility of claims and losses which the company may face in future due to closure as there is no claim/litigation against the company.
- e) The following bank balances were not confirmed as on the date of balance sheet:-
 1. UCO Bank Zainakote, Srinagar.
 2. UCO Bank, Bari Brahmna, Jammu.
 3. J&K Bank Ltd., Zainakot, Srinagar.
- f) Sundry Creditors and Sundry Debtors were not confirmed. Party wise details were also not available.
- g) Income tax was not deducted on few payments such as Office, Rent, Legal Expenses, MSTC Service Charges.
- h) Tax Audit has not been done by the company for the last few years. This has a direct impact on the allowing of the losses incurred by the company.
- i) Annual filing with the ROC, J&K has not been done few the last few years.
- j) GST migration has not been done under the GST regime from VAT.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the indeterminate effects of the matter described in above Para, in the basis

of qualified opinion paragraph, the accompanying financial statements together with the notes thereon attached thereto, give the information required by the act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2017;
- b) In the case of the Statement of Profit and Loss, of the Loss for the year ended on that date; and
- c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matters

Without qualifying our report, we draw your attention on the following matters:

- a) Note no. 2.7 and 2.8 to the financial statements regarding net worth of Company-.The Company's management has closed the operations and is in the process of winding up. The company has accumulated deficits and the net worth of the Company has been totally eroded. The negative net worth is Rs. 59,106.33 Lakhs as at March 31, 2017. However, the company will get continued support from the Government of India; hence financial statements have been prepared on going concern assumption basis.
- b) The financial statements regarding impairment of assets, the Company did take a certificate from Technical Expert Committee of the Company for net realisable value of fixed assets and according to the certificate the net realisable value is more than the carrying value of fixed assets. The fixed assets have been realised through MSTC which is a Govt. of India Enterprises and has routed the sale proceeds of fixed assets through an escrow account which was opened with the UCO Bank K.G. Marg, Bangalore. The VAT and excise levied on the sale of fixed assets and inventory has been paid to HMT Limited and they paid on behalf of this company. The company funded an amount of Rs. 1,75,00,000.00 as a temporary loan to one of its subsidiary with a condition to pay back at once.

- c) The sale of whole inventory has been made to HMT Limited parent company and nothing has been realised from the buyer till the Balance Sheet date.

Other Matters

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditors Report) order 2016 (the order) issued by the Central Government of India in terms of sub section (11) of Section 143 of the Act, We give in **Annexure -A** statements on the matters specified in paragraphs 3 and 4 of the order to the extent applicable.
- 2) As required by Section 143 (3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) Subject to matters described in the “Basis for Qualified Opinion” paragraph above, in our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) Being a Government Company provision of Section 164(2) of Companies Act, 2013 is not applicable as per notification dated 5th June 2015 issued by the Department of Company affairs, Government of India.
- (f) The qualifications relating to the maintenance of accounts and other matters connect therewith are as stated in the “Basis for Qualified Opinion” paragraph above.
- (g) With respect to the adequacy of the internal financial controls over the financial reporting of the company and the operating effectiveness of such controls, refer to our separate Report in **Annexure-B**
- (h) With respect to the other matters included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company does not have any pending litigations which would materially impact its financial position
 - The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Other observation:-

The books of accounts and inventory are maintained on computer as well as manual. But inventories register and Fixed Assets registers have not been updated properly.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **HMT CHINAR WATCHES LIMITED** as of 31 March 2017 and our opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting in the case of the financial statements of the Company.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that I/we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for my /our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Place : Jammu
Date :

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF HMT CHINAR WATCHES LIMITED, FOR THE YEAR ENDED 31 MARCH 2017

The preparation of financial statements of HMT Chinar Watches Limited, for the year ended 31 March 2017 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the Company. The Statutory Auditor appointed by the Comptroller and Auditor General of India under Section 139(5) of Act is responsible for expressing opinion on the financial statements under Section 143 of the Act based on the independent audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 29 July 2017.

I, on behalf of the Comptroller and Auditor General of India, have decided not to conduct the supplementary audit of the financial statements of HMT Chinar Watches Limited, for the year ended on 31 March 2017 under Section 143(6) (a) of the Act.

Significant Accounting Policies:

i) **Basis of preparation:**

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2016. The standalone financial statements of the Company are prepared and presented in accordance with Ind AS.

For all periods, up to and including the year ended March 31, 2016, the Company had prepared and presented its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013 ('the Act'), read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('Indian GAAP'). The financial statements for the year ended March 31, 2017 are the first the Company has prepared and presented in accordance with Ind AS.

The financial statements have been prepared on the historical cost convention on the accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

ii) **Summary of Significant Accounting Policies:**

a) **Use of estimates:**

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Any revision to accounting estimates is recognized prospectively.

b) **Property, Plant & Equipment**

Property, Plant and Equipment ('PPE') are stated at cost of acquisition or construction, net of vatable taxes, less accumulated depreciation to date. Cost includes direct costs and financing costs related to borrowing attributable to acquisition that are capitalized until the assets are ready for use.

Expenditure in connection with the development of land is capitalised in the year in which the expense is incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

Assets taken on Finance Lease are capitalized at fair value / NPV / contracted price. Depreciation on the same is charged at the rate applicable to similar type of fixed assets as per Accounting Policy on 'Depreciation'. If the lease assets are returnable to the lessor on expiry of lease period, the same is depreciated over its useful life or lease period, whichever is shorter.

Lease payments made are apportioned between finance charges and reduction of outstanding liability in relation to assets taken on lease.

Lease payments made for assets taken on Operating Lease are recognized as expense over the lease period.

The cost of an item of PPE shall be recognised as an asset if, and only if:

- a) it is probable that future economic benefits associated with the item will flow to the entity; and
- b) the cost of the item can be measured reliably.

Items of PPE which is held for sale within 12 months from the end of reporting period is disclosed at lower of carrying cost or fair value less cost of sale

The carrying amount of an item of PPE is de-recognised:

- a) on disposal; or
- b) where no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of PPE shall be included in statement of profit or loss when the item is derecognised.

Special Tools:

Expenditure on manufactured and bought out special tools held for use in the production or supply of the goods or services and whose use is greater than one period is considered as an item of PPE and is depreciated over its useful life of 5 years.

c) Borrowing Cost:

Borrowing cost consists of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition of PPE which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. All other borrowing costs are expensed in the period in which they occur.

d) Investment Property: Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The Company depreciated building component of investment property as per the useful life prescribed in Schedule II of the Act. Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement profit or loss in the period of de-recognition.

e) Intangible Assets:

- i) Intangible assets are stated at cost less accumulated amortization and impairment.

Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

- ii) Expenditure on Technical Know-how is recognized as an Intangible Asset and amortized on straight line method based on technical assessment for a period not exceeding ten years. The amortization commences when the asset is available for use.
- iii) The cost of software internally generated / purchased for internal use which is not an integral part of the related hardware is recognized as an Intangible Asset and is amortized on straight line method based on technical assessment for a period not exceeding ten years.
- iv) *Research and Development Expenditure:*

Research Phase:

Expenditure on research including the expenditure during the research phase of Research & Development Projects is charged to profit and loss account in the year of incurrence.

Development Phase:

Expenditure incurred on Development Costs, which relate to Design, Construction and Testing of a chosen alternative for new or improved material, devices, products, processes, systems or services are recognized as an intangible asset. Such Intangible assets are amortized based on technical assessment over a period not exceeding ten years using straight line method.

- f) **Depreciation and Amortisation:** Depreciation on PPE is provided on straight line basis over the useful life of the various assets as prescribed in Schedule II to the Act, pro-rata with reference to

the date of addition or deletion. As and when PPE gets fully depreciated, Re.1/- is retained as book value of the PPE. PPE costing less than Rs. 10,000/- shall be depreciated to Re.1/- in the year of purchase.

Each part of an item of PPE (also known as 'Component') with a cost that is significant in relation to the total cost of the item and has different useful life from that of the PPE it shall be depreciated separately.

Special Tools capitalised as PPE is depreciated over the period of five years and items those costing less than Rs.750 is depreciated in the year of acquisition/manufacture.

Amortisation methods and useful lives of intangible assets are reviewed periodically including at the end of each financial year.

g) Non-current assets held for distribution to owners and discontinued operations:

The Company classifies non-current assets as held for sale/distribution to owners if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale/ distribution will be made or that the decision to sell/ distribute will be withdrawn. Management must be committed to the sale/distribution expected within one year from the date of classification.

Non-current assets held for sale/for distribution to owners and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell/ distribute. Non-current Assets classified as held for sale/distribution are presented separately in the balance sheet

h) Government Grants:

Government Grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be

complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate are expenses. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

i) Inventories:

Raw materials, stores, work in progress and finished goods are valued at the lower of cost and net realizable value. The cost of materials is ascertained by adopting Weighted Average Cost Method.

Cost of work in progress, finished goods and goods-in-transit comprises direct materials, direct labour and an appropriate portion of variable and fixed overhead being allocated on the basis of normal operating capacity.

j) Revenue Recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Based on Ind AS 18, the Company has assumed that recovery of excise duty flows to the Company on its own account. This is for the reason that it is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Company on its own account, revenue includes excise duty.

The Company collects the applicable taxes on behalf of the Government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from the aforesaid revenue/ income.

i) *Sale of goods:*

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. The Company recognises the Sale of Goods based on:

- 1) Physical delivery of goods to the customer/customer's carrier/common carrier, duly supported by invoice, excise duty paid challan, gate pass, delivery voucher and LR / GR, in case of ex-works contracts.
- 2) In case of FOR destination contracts, "when the significant risk and reward of ownership get transferred to the buyer on physical delivery.
- 3) Despatches to dealers/customers in respect of sale.

ii) *Rendering of services:*

Revenue from sale of services is recognised by reference to the stage of completion. Stage of completion is measured by services performed to date as a percentage of total services to be performed.

iii) *Rental Income:*

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

iv) *Dividend Income:*

Dividend income is recognised when the Companies right to receive the payment is established, which is generally when shareholders approve the dividend.

v) *Interest Income:*

Interest income, including income arising from other financial instruments measured at

amortised cost, is recognized using the effective interest rate method.

vi) *Warranty:*

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually. With regard to turnkey projects implemented by the company, warranty provision at the rate of 2 percent of the purchase value is provided

vii) *Extended Warranties:*

When the company sells extended warranty, the revenue from sale of extended warranty is deferred and recognised over the period covered by the warranty. Where extended warranties are included in the price of the product and provide protection in excess of that provided by normal terms and conditions of sale for the relevant product, the company will separate and account for these two items separately.

k) **Foreign Currency Translation:**

The functional currency of the Company is the Indian rupee. These financial statements are presented in Indian rupees

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in net profit in the statement of profit and loss.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are

included in determining net profit for the period in which the transaction is settled. Revenue, expense and cashflow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

l) Retirement & Other Employee Benefits:

Provident Fund is provided for, under a defined benefit scheme. The contributions are made to the Trust administered by the company.

Leave encashment is provided for under a long-term employee benefit based on actuarial valuation.

Gratuity is provided for, under a defined benefit scheme, to cover the eligible employees, liability being determined on actuarial valuation. Annual contributions are made, to the extent required, to a trust constituted and administered by the Life Insurance Corporation of India under which the coverage is limited to Rs.50,000/- per eligible employee. The balance provision is being retained in the books to meet any additional liability accruing thereon for payment of Gratuity.

Settlement allowance ('SA') is provided for, under a defined benefit scheme, to cover the eligible employees, liability being determined on actuarial valuation.

The Company recognizes the net obligation of a defined benefit plan i.e. Gratuity and SA in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognized in Other Comprehensive Income are not to be subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company recognizes re-measurement gains and losses on defined benefit plans (net of tax) to retained earnings.

Pension is provided for under a defined contribution scheme, contributions are made to the Pension Fund administered by the Government.

The amount of Rs.50,000/- per head received/receivable from LIC on account of gratuity claims in respect of employees separated under Voluntary Retirement Scheme during the year is accounted as Other Income.

In respect of employees who are separated other than under Voluntary Retirement Scheme, the Gratuity paid in excess of Rs.50,000/-, Earned Leave Encashment (ELE), SA is debited to the respective provision accounts. The provision at the yearend for Gratuity, ELE and SA is restated as per the actuarial valuation done at the year-end

Gratuity, ELE, SA and lumpsum compensation paid to employees under Voluntary Retirement Scheme ("VRS") shall be fully written off in the year of incidence. Expenses incurred in respect of bonds issued for raising funds to meet payments made under the VRS are fully written off in the year of disbursement.

m) Income taxes:

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in OCI or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

i) Current taxes:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

ii) Deferred Taxes:

Deferred income tax assets and liabilities are recognized on temporary differences between

the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

n) Provisions:

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized in the statement of Profit and loss.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

o) Impairment:

i) Financial assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected

credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition

ii) Non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

p) Financial Instruments:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial

assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

i) Cash & cash equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of twelve months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

ii) Financial assets at amortised cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through other comprehensive income:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company presents the subsequent changes in fair value in Other Comprehensive Income.

iv) Financial assets at fair value through profit or loss: Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition.

The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

v) Financial Liabilities:

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

vi) De-recognition of financial instruments:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

vii) Fair value of financial instruments:

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

viii) *Investment in subsidiaries, joint ventures and associates:* Investment in subsidiaries, joint ventures and associates is carried at cost.

iii) Significant accounting judgements, estimations and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

i) Judgements:

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements

a Operating lease— Company as lessor

The Company has entered into commercial property leases on its investment property portfolio. The Company has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

b Discontinued Operations

As per the CCEA Approval on 06/01/2016 it was decided that the operations of the Company will be closed. Thereafter, operations closed in the same Financial Year. According to the Assets have been classified based on the definitions under IND AS16, IND AS 40 and IND AS 105. It is planned that the company will lease out the major portions of the land and buildings to a third party to generate lease rentals for the Company and accordingly, it is classified as Investment Properties

c Property, plant & equipment

Building at Corporate Head Office, where the significant portion of the property is used as Company owner occupied property and certain portion has been leased out by the Company. The management doesn't have any intention to sell the building and the portion of building which has been leased is for a short period and accordingly, it has been classified as PPE.

ii) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

- a **Deferred Taxes** Deferred Tax Assets must be recognised to the extent that it is probable that future profits will be available against which the deductible temporary difference can be utilised. The company does not recognise Deferred Tax Asset since the company has unused tax losses and there is no convincing evidence about future taxable profit.

- b Defined Benefit Obligations: The cost of the defined benefit gratuity plan and Settlement Allowance and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

- c Other Long-Term Employee Benefits

Other Long-Term Employee Benefits like Earned Leave Encashment is determined through an actuarial valuation. The measurement of the long-term employee benefits is not subject to the same degree of uncertainty as the measurement of Defined Benefit Obligation. For this reason, the Re-measurement are not recognised in Other Comprehensive Income.

- d Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the NAV/NRV model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The company has only one class of equity shares having par value of INR10 per share. Each holder of equity shares is entitled to one vote per share. The company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders

Average Future Service	NA	0	4.23	2.97

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2017

2.22 Employee Benefit Obligations

The cost of the defined benefit gratuity plan and Settlement Allowance and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

See accompanying notes to the financial statements

Footnotes to the reconciliation of equity as at 1 April 2015 and 31 March 2016 and profit or loss for the year ended 31 March 2015

1 Defined benefit obligation

Both under Indian GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind-AS, remeasurements are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is reduced and Remeasurement gains/ losses on defined benefit plans has been recognized in the OCI.

2 Non Current Assets Held for Sale

Under IND AS there was no specific disclosure for Non Current Assets Held for Sale. Under IND AS, Property, Plant and equipment is classified as Non Current Assets held for Sale in accordance with IND AS 105

3 Other comprehensive income

Under Indian GAAP, the Company has not presented other comprehensive income (OCI) separately. Hence, it has reconciled Indian GAAP profit or loss to profit or profit or loss as per Ind-AS. Further, Indian GAAP profit or loss is reconciled to total comprehensive income as per Ind-AS.

4 Others

The reconciliation between Indian GAAP and IND AS is only on account of classificational changes to comply with the IND AS and Schedule III Division II of Companies Act 2013 and better presentation of Financial Statements
